PUBLIC COMMENT: None.

6 NEW BUSINESS: None

7 CONTINUING BUSINESS:

7A Appointment of Chair and Vice Chair for the 2020 calendar year

Heard after approval of minutes.

7B Review of current C&S Agreement

At the June 11, 2020 SMAC meeting there was discussion on the agreement between C&S and the airport and there were questions as to when the agreement was signed. This item was brought back for discussion and the Commission was provided the C&S agreement for review.

There were no further questions or comments.

7C Discussion regarding Maintenance budget for the Airport

A revenues and expenditures document was provided to the Commissioners at the June 11, 2020 meeting to review the budget. The Commission requested detailed explanation of the different accounts listed. Debi Savage, Finance

Manager, attended the meeting to answer any questions the Commissioners had regarding the budget.

There was an update regarding the PHI hangars at the airport. Kevin Jones, Interim City Administrator, informed the Commission that there has been an OSHA complaint due to internal construction illegally built within the hangars prior to City ownership. He added that PHI currently has an outstanding rent balance and the City is working with them to get the balance paid.

There was a request for a cost allocation for all staff to review at the next meeting.

7D Discussion on Annexation of the Airport

An update was given on Annexation of the airport. Kevin Jones, Interim City Administrator, and Dan Gibbs, Acting Public Works Director, explained to the Commission that the airport was in the preliminary stage of annexation and it will be a lengthy process. This will be discussed at future meetings.

7E Safe Act Grant Opportunity (CARES Act)

At the June 11, 2020 SMAC meeting Mr. Gibbs provided an Informational packet regarding the CARES Act to the Commission for review. The CARES Act provides payments to state, and local governments navigating through the impact of the COVID-19 outbreak. This grant can award up to \$30,000 and is available to the City on a reimbursement basis. The City must identify what the funds are spent on and will then be reimbursed through the FAA's payment program, Delphi. The money reimbursed is similar to a grant and available to spend up to 4 years. During the last meeting Mr. Gibbs explained to the Commission that an application was signed by the City attorney and sent to the FAA. Mr. Gibbs stated that he had received an email from the FAA explaining that the agreement submitted has been accepted and the City is eligible for the \$30,000 grant. The next step would be to identify any revenues lost and to create an invoice. To avoid denial, Mr. Gibbs recommended legal counsel since the process can be complex. The Commission requested that this item be brought back at the next meeting to discuss progress.

AIRPORT MANAGER'S REPORT: None.

COMMISSION ITEMS: None.

ADJOURNMENT:

Motion by Chair Stevenson, second by Vice Chair Clark to adjourn at 3:43 p.m. Motion carried.

Respectfully Submitted by:

Amy Lopez, Secretary

AIRPORT COMMISSION AGENDA ITEM

SUBJECT: Update on Airport Capital Improvement Plan (ACIP)

PRESENTED BY: Daniel Gibbs, Acting Public Works Director

SUMMARY: Staff has attended several conference calls regarding the City Airport ACIP with the FAA and the airport's consultant, C&S Engineers. The status of an progress occurring the fence project remains unclear for this fiscal year.

However, discussions with the FAA indicate the development of the plans in the FY 21/22 are positive pending completion of the environmental clearances needed to begin design. Staff continues to reach out to FAA staff in the hopes of clarifying the conditions required to ensure the continued progress desired by the Commission.

Finally, a commitment on the part of the City and Commission will needed in order to move forward on the environmental or biological survey required to initiate the design process. A financial investment applied in advance of the funding on the project will be required to move the project forward. While the reimbursement of the work associated with this is highly likely, there is some risk to the Airport in not acquiring reimbursement and thus impacting the cash balance now available.

FISCAL IMPACT: None.
